Botanic Garden

Snowdrop Trail

There are 48 different species, varieties, cultivars and hybrids of snowdrop (*Galanthus*) to see here at the Garden. Most are planted outside permanently, but some are also displayed on rotation within the Mountains House in our Glasshouse Range.

The red dots on the map indicate 'Snowdrop hotspot walking routes' where you can see our snowdrops growing and find panels that explain more about snowdrop science, history, folklore and cultivation.

Snowdrops

The red dots on the map indicate

Snowdrop list

We have the following *Galanthus* in the Garden:

- *G. × valentinei* subsp. *valentinei*
- *G. alpinus* var. *alpinus*
- *G. 'Atkinsii'*
- *G. 'Comet'*
- *G. 'Curly'*
- *G. 'Early Seedling'*
- *G. elwesii*
- *G. elwesii* 'Barnes'
- *G. elwesii* 'Edward Whittall Group'
- *G. elwesii* 'Ivy Cottage Greentip'
- *G. elwesii* 'Melanie Broughton'
- *G. elwesii* var. *elwesii*
- *G. elwesii* var. *elwesii* 'Lodestar'
- *G. elwesii* var. *monostictus*
- *G. gracilis*
- *G. 'Hobson's Choice'*
- *G. 'James Backhouse'*
- *G. 'Kite'*
- *G. 'Lady Beatrix Stanley'*
- *G. 'Limetree'*
- *G. 'Magnet'*
- *G. 'Merlin'*
- *G. 'Mrs Backhouse No.12'*
- *G. 'Mrs Thompson'*
- *G. 'Mrs Wrightson's Double'*
- *G. nivalis*
- *G. nivalis* 'Anglesey Abbey'
- *G. nivalis* 'Elfin'
- *G. nivalis* 'Flore Pleno'
- *G. nivalis* 'Flore Pleno' × *G. plicatus*
- *G. nivalis* 'Marjorie Fish'
- *G. nivalis* 'Ray Cobb'
- *G. nivalis* 'Sandersii'
- *G. nivalis* 'Scharlockii'
- *G. nivalis* 'Viridapice'
- *G. nivalis* 'Warei'
- *G. 'Ophelia'*
- *G. plicatus*
- *G. plicatus* subsp. *byzantinus*
- *G. plicatus* subsp. *plicatus*
- *G. plicatus* 'Three Ships'
- *G. plicatus* 'Wendy's Gold'
- *G. reginae-olgae*
- *G. reginae-olgae* subsp. *vernalis*
- *G. 'Richard Ayres'*
- *G. 'S. Arnott'*
- *G. 'Trym'*
- *G. woronowii*

Please note that we cannot guarantee that all plants will be on display on the day of your visit.
